

## PETRELLA BROWN P.L.C. Client's Success Story

A distinguished gentleman contacted us about an estate plan. He had never married but he had close ties to his nieces and nephews and their children. He also highly valued education. We prepared a revocable living trust with a special provision that would allow the youngest members of his family to fund their education.

If you or someone you know would like to have the joy of knowing that your assets will benefit your family in a special way, please contact us at 248.223.9883 or e-mail us at [mail@petrellabrown.com](mailto:mail@petrellabrown.com).

P.S. We are currently accepting appointments for those who want to review their estate plan before 2008 year end.
