

PETRELLA BROWN SUCCESS STORY

Some clients are financially supporting their adult children while caring for their aging parents and addressing issues regarding their estates, insurance and living arrangements. We are happy to meet with your elderly parents to determine their wishes and then work out strategies to accomplish them. Recently we worked with an amazing 90 year old who wanted to remain in her condominium, but needed some personal and household care. We protected her legally and financially, so that she could "sleep at night." Her family now has peace of mind about her situation.

Are you a member of the "sandwich generation"? If you are squeezed for time and resources by the older and younger generations in your family, you could use some answers and you deserve some relief! PETRELLA BROWN PLC is continuing its complimentary seminar series in May with "Assisting Your Aging Family Members" on Tuesday, May 18, 2010 from 7 to 8:30 p.m. at the Bloomfield Public Library. **Please call** Laurie or Marge at 248.223.9883 to reserve a seat today!
